1. Introduction

At Hereward College we are proud of our diversity and our commitment to social justice, equality of opportunity, mutual respect and tolerance.

In developing our learners to be effective citizens in a democratic society, it is essential the College continues its commitment to promote open debate and free expression, whilst recognising the need to challenge prejudice, eliminate discrimination and prevent radicalisation.

Hereward College acknowledges that learners with special educational needs and disabilities (SEND) can face additional challenges which could make them particularly vulnerable to radicalisation and extremist views. The College takes responsibility to ensure that those learners that are at risk or vulnerable are supported.

It is our duty to continue to safeguard our learners and staff; empowering them to protect themselves from harm. The Prevent duty is therefore an integral part of the College's Safeguarding Policy and Procedures.

The College's Prevent strategy outlines how we will meet our statutory duty:

- To promote and reinforce our core values of respect, honesty, achievement, independence and excellence, in so doing, promote fundamental British values.
- To promote community cohesion; support open dialogue; support the learner and staff voice and eliminate discrimination.
- To safeguard our learners from the risk of radicalisation and empower learners to protect themselves from harm.
- To support those at risk.
- To ensure that staff are aware of their responsibilities in preventing people from being drawn into extremism.

The College will achieve these through leadership, partnership and by building learner resilience.

2. National and Local Context

Section 26 of the Counter Terrorism and Security Act 2015 (CTSA 2015) places a duty on certain bodies to have “due regard to the need to prevent people from being drawn into terrorism”.

The Government’s Prevent Strategy was published in 2011 and forms part of an overall Counter Terrorism Strategy known as CONTEST. The Contest Strategy has four elements which are:

- Pursue – To stop terrorist attacks
- Protect – To strengthen our protection against a terrorist attack
- Prepare – To mitigate the impact of a terrorist attack
- Prevent – To stop people becoming terrorists or supporting terrorism

Prevent is a key part of the Contest Strategy which aims to stop people from becoming terrorists or supporting terrorism. Early intervention is at the heart of Prevent in diverting people away from being drawn into terrorist activity as Prevent happens before any criminal activity takes place. It is about recognising, supporting and protecting individuals who might be susceptible to radicalisation.

A system of threat level has been created which represents the likelihood of an attack in the near future. The five levels are:

Critical—an attack is expected imminently

Severe—an attack is highly likely

Substantial—an attack is a strong possibility

Moderate—an attack is possible but not likely

Low—an attack is unlikely

The current threat level from international terrorism in the UK is **SUBSTANTIAL** which means that a terrorist attack is highly likely. Coventry is seen as a priority area in terms of Prevent and our current threat level is **SUBSTANTIAL**. There are local characteristics which may mean that there is a greater possibility of radicalisation by particular groups.

Geographically, some of the groups who are active in Coventry and are in close proximity to the College are: EDL (English Defence League), National Front and Islamist support groups. Far right extremism and Islamist extremism are the most prevalent in the West Midlands. Islamist extremism has been the biggest threat for some time locally but the threat from the far right is growing. Lone attackers/ideology are a threat across the country, and not just a concern for big cities; they continue to be a concern for the West Midlands. In the current climate online recruitment is seen as a huge threat especially from far-right groups as well as the development of conspiracy theories feeding into the far-right rhetoric.

National data confirms that more young people are linked to terrorism offences in the last 4 years. Channel referral information also confirms that young people are at a greater risk of radicalisation and subsequently the education sector continues to provide the largest source of referrals.

3. Strategy

Protecting learners from the risk of radicalisation is seen as part of Hereward College's wider safeguarding duties and is similar in nature to protecting learners from other forms of harm and abuse.

The aim of the Prevent Strategy is to ensure that the College is able to monitor, manage and deal effectively with the threat posed by any individual or group of individuals engaging in violent extremism in the name of ideology or belief. This is achieved through:

1. Developing staff and learner awareness and understanding of the Prevent agenda.
2. Ensuring that Hereward staff and members of the Corporation are aware of and able to carry out their roles and responsibilities in preventing violent extremism and radicalisation.
3. Promoting and reinforcing shared values, to create space for free and open debate, and support the learner voice.
4. Documenting and recognising current practice across the College, which effectively manages the risk of learners being exposed to extremism and becoming radicalised.
5. Understanding and managing the potential risks within the College and from external influences including the display of extremist materials and the hiring of College premises.
6. Adopting effective ICT security and responsible user policies and promoting these to all staff and learners.

The College is committed to providing a learning experience which promotes knowledge, skills and understanding in order to build the resilience of all learners, by undermining extremist ideology and supporting the learner voice. This will be achieved through:

- Embedding equality, diversity and inclusion across the curriculum and promoting community cohesion and fundamental British values
- Promoting wider skill development such as social and emotional wellbeing
- Developing a curriculum which recognises local needs, challenges extremism and promotes universal rights
- Teaching and learning strategies which explore controversial issues in a way which promotes equality, diversity and inclusion
- Use of external organisations to support learning and promote respect

To ensure that the College community remains safe, the following support will be in place for learners:

- Effective support services which provide clear information, advice and guidance on preventing learners from being drawn into extremism and radicalisation
- Literature written in clear and simple language which promotes equality, diversity and inclusion and undermines extremist ideology
- Support for learners and staff and guidance on how to access support through community partners
- A clear Learner Leadership Strategy to ensure that the learner voice is heard and concerns of the learners are acted upon
- Support for at risk learners through safeguarding processes
- A focus on closing the achievement gaps for all learners

4. Leadership and Values

The College sees its Prevent duties as a natural extension of our organisational duties to protect our learners from harm and equip them to lead fulfilling and safe lives. Prevent is an integral part of the College's Safeguarding Policy and Procedures.

Prevent duties require colleges to promote the British values of democracy, the rule of law, individual liberty, mutual respect and tolerance of those with different faiths and beliefs. Hereward College's values of respect, honesty, achievement, independence and excellence, align well with British values. We will promote our core values through our leadership and our strategic themes.

In order to build resilience and safeguard individuals it is essential to promote a culture where it's possible to openly explore views and opinions. The College Leadership will achieve this through its policies, forums, staff development and training, and its partnership working with stakeholders.

The Leadership is also committed to the relentless pursuit of a climate where prejudice is challenged and discrimination eliminated.

The College has a key part to play in the Coventry city region, not only in its contribution to the economic prosperity of the region, but also to social and community cohesion in the city. We recognise the importance of our social responsibility.

The Governing Body will ensure procedures and policies are in place to prevent people from being drawn into terrorism and ensure the strategy complies with the Prevent Duty. The named governor for Prevent is Mona Cook.

The College Prevent SPOC (Single Point of Contact) Vice Principal for Safeguarding & Pastoral Care, will co-ordinate a risk assessment to identify the levels of risk proportionate to the College; review College policies and procedures to ensure they are current and ensure that procedures are being followed. The SPOC will engage with the police and local authority Prevent co-ordinators and ensure the College meets the Prevent duty.

College leaders and managers will ensure staff undertake regular training, exemplify the core values through their practice and take every opportunity to promote the core values through the curriculum or College activity.

All staff have a legal responsibility to ensure they undertake training, are aware of their responsibilities, know when it is appropriate to refer to a safeguarding lead and exemplify the core values through their practice.

5. Partnerships

Our partnership arrangements are guided by a shared understanding that Prevent is part of safeguarding; the aim is prevention and support. As part of the College's partnership arrangements, the College Prevent SPOC represents the College on the Coventry Prevent Steering Group and Warwickshire Prevent Steering Group whose remits are to coordinate the city's response to the Prevent agenda.

6. Staff Training

Prevent training is the same as for any safeguarding training to equip staff to recognise when individuals are vulnerable (in this case to radicalisation) and to ensure they know how to act and who to refer to. The College has adopted a multi-faceted approach to training.

- All staff and governor's will undertake essential on-line training to raise awareness of Prevent, safeguarding and equality and diversity and to ensure staff know how to refer a safeguarding and Prevent concern.
- Staff who work in regulated activity will undertake more in depth development through externally delivered training.
- The College currently has six trained WRAP 3 Train the Trainer facilitators.

7. Welfare, pastoral care and faith facilities

All our learners have a progress coach and those learners who have been identified as having additional social and emotional needs, have a mentor. In addition there is a College counselling service, Nurses and two Educational Psychologists. All pastoral staff have been through in-depth safeguarding training which incorporates Prevent and are able to recognise signs of vulnerability and provide first line support.

The safeguarding team are well connected to the local Prevent Officers and Coventry's Adult Social Care and MASH and will seek advice or make referrals as appropriate.

The College has a designated faith room located in room H204 on the Upper Hub. The room is locked at all times and those that wish to use the room must sign out the key from the Library.

8. E Safety

The College's web filtering system was recently updated in accordance with Ofsted recommendations. The new system allows us to filter websites with extremist content and there is a facility to log, monitor and record by users on the college network.

Any breach of security or activity that may result in radicalisation concerns or other safeguarding concerns would be recorded on CPOMS and reported to the SPOC for Prevent. The E-Safety policy makes reference to the Prevent duty.

9. External speakers and events

The College encourages external speakers and events as they add enrichment to the learner experience. We have incorporated the Prevent duty into the Vetting of External Guest Speakers Policy. This ensures we have robust procedures in place to vet any events and challenge where necessary.

10. Related policies and further reading

This strategy should be read in conjunction with the following documents and guidance:

- Young People and Adults At Risk Safeguarding Policy & Procedure
- Equality & Diversity Policy & Procedure
- E-safety Policy & Procedure
- College Mission Vision & Values

- Channel and Prevent Multi-Agency Panel (PMAP) guidance

11. Prevent Referrals

Where there is an identified/potential risk that a learner may be involved in supporting or following extremism, or at risk of significant harm, the member of staff who identifies such concerns will report these to the safeguarding team without delay and also complete a CPOMS referral. The DSL (Designated Safeguarding Lead) Vice Principal for Safeguarding & Pastoral Care, will then in turn refer these concerns, if required, to the either MASH or Adult Social Care depending on the age of the learner.

Where Hereward College or one of its subcontractors is subject to an investigation by the local authority or the police in connection with a Prevent issue, the Chair or Chief Executive or DSL will inform the ESFA Enquiries.EFA@education.gov.uk.

If a concern arises for a learner who sits outside of the Coventry area within another Local Authority, the DSL will contact the Prevent leads of those Local Authorities for guidance and referral where applicable.

For further guidance in making a referral for Coventry please contact:

Manjeet Pangli - Prevent Coordinator for Coventry

Tel: 07944 208499 or manjeet.pangli@coventry.gov.uk

Complete the Prevent Coventry Referral Form and email it to:

Alternatively call the Anti-terrorism hotline for advice on 0800 789 321

In addition, please ensure a copy of the referral is sent to Adult or Children's Social Services.

Referral Form: Appendix 2

12. Managing Risks

To ensure that the College manages the risks in this area, a Prevent Duty Risk Assessment has been undertaken and the Prevent Duty Action Plan arising from this will allow the College to monitor these risks on an ongoing basis and deal appropriately with issues which arise.

This Prevent Duty Action Plan is intended to achieve the following outcomes:

- Staff and learners understand the nature of risk from violent extremism and how this might impact directly or indirectly on the College
- The potential risks within the College and externally are understood and, if relevant, managed
- The College is able to respond appropriately to local, national and international events that may impact on learners and their communities
- Measures are in place to minimise the potential for acts of violent extremism within the College
- Plans are in place to respond appropriately to a threat or incident within the College
- Effective IT security and responsible use of IT is in place

The Prevent Duty Action Plan will be monitored on a termly basis by the Prevent steering group and annually by the full Governing Body

13. Channel Procedures

Channel is an early intervention multi-agency process designed to safeguard vulnerable people from being drawn into violent extremist or terrorist behaviour. Channel works in a similar way to existing safeguarding partnerships aimed at protecting vulnerable people.

Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. An individual's engagement with the programme is entirely voluntary at all stages. In addition to information sharing, a staff member may be asked to attend a Channel panel to discuss the individual referred to determine whether support is required. Following a referral, the panel will assess the extent to which identified individuals are vulnerable to being drawn into terrorism and, where considered appropriate and the necessary consent is obtained, arrange for support to be provided to those individuals.

Appendix 5 - New DfE Prevent Risk Assessment

 Department for Education								
Prevent risk assessment for further education (Draft Version)								
Person completing:			Date Implemented: 12th September 2023		Date for review:			
A risk assessment is a core part of implementing the Prevent duty. All providers should read guidance from the department on how to complete a risk assessment and on safeguarding learners vulnerable to radicalisation. Schools should assess the risk of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology. Providers may choose to have a specific separate risk assessment to better communicate to staff and document actions taken to mitigate any risks. The purpose of the risk assessment is to have an awareness and understanding of the risk of radicalisation in your area and your institution. The type and scale of activity that will address the risk will vary but should be proportionate to the level of risk, type of provision, size and phase of education. This is an internal document and should be reviewed annually, in line with Keeping Children Safe in Education requirements, or following a serious incident.								
National Risks – risk of radicalisation generally								
What national risks are you aware of that could impact to your area, setting, pupils or families? For example, national threat level								
Local Risks – risk of radicalisation in your area and institution
